Language Practice

The Language Practice section includes activities that provide consolidation of the language presented in the Coursebook. It includes practice of all language skills: grammar, vocabulary, pronunciation, reading, listening and writing.

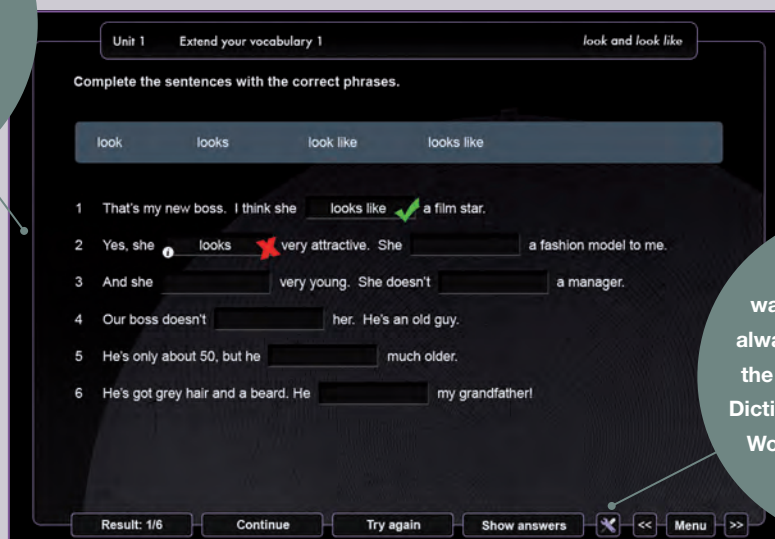

One of the advantages of an eWorkbook is that you can do the exercises as many times as you want. Most of the exercises are interactive. Reading and Writing activities are printable PDFs.

You can navigate the material by unit or by language skill. If you choose to work by unit, you will be taken to a list of all the activities related to that particular unit.

If you choose to work by skill, you will be taken to a list of all the different activities related to that particular skill.

When you choose an activity practising grammar, vocabulary, listening or pronunciation you will be taken to a screen like this one.

Whichever way you work you will always be able to access the following resources: Dictionary, Grammar Help, Word Lists and Writing Tips.

You will be able to check your answers, show them etc. If an audio file is needed, you will be able to click on the relevant icon and play it.

If you prefer to work away from the computer, this gives you exactly the same as what you would expect in a printed workbook with the added advantage that you only print the pages that you need.

Dear Tilly
I'd like some more information about the holiday apartment to rent.
The description says it's a big apartment. We're a group of five friends. How big is it? How many bedrooms are there? Could you send us a photo of the room?
The description also says the apartment is near the city centre. How far from the centre is it? Can we walk there? If not, are there buses? Could you send me the address?
Another question is about food. The apartment is self-catering. Does it have a fridge? And is there a supermarket near the apartment?
Finally, I'd like to know about the price and when it's available. We'd like to rent it in the first or second week of July. It's available for one of those weeks? And how much does it cost for 7 days?
I look forward to hearing from you.
Best wishes,
Karin

Listen

This section offers access to all the Listening material in the eWorkbook. It includes the following:

- Access to the listening activities in the Language Practice section
- Audio material designed to be used 'on the move'

When you select Language Practice you will be taken to the Listening activities in the Language Practice section.

Listen on the Move includes audio material not linked to specific activities, i.e. different from the listening material in the Language Practice section.

There are three types of audio material.

In Conversation contains situational dialogues (e.g. at a restaurant, taking a taxi). The situations relate to the situations in the 'Function Globally' pages in the Coursebook.

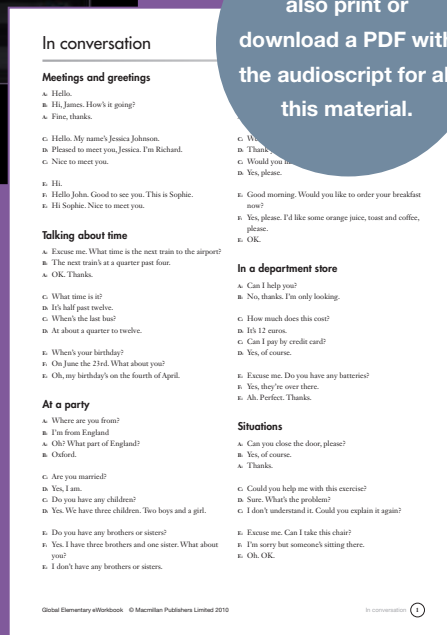

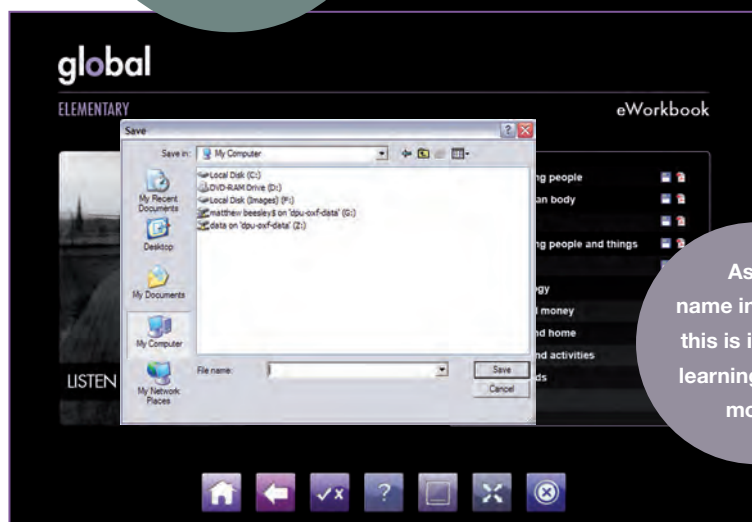

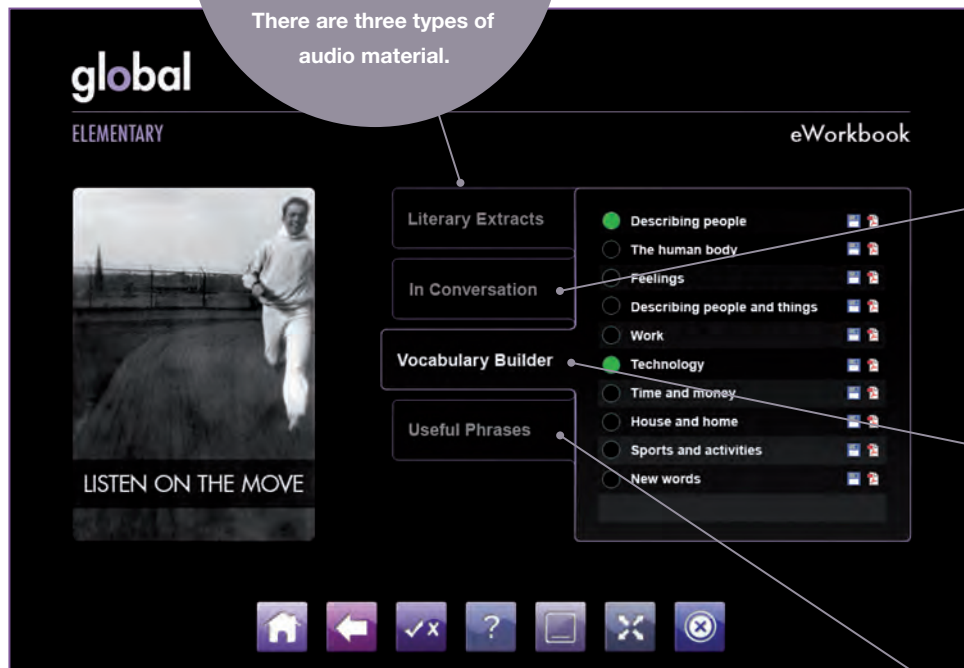

Vocabulary Builder contains lists of vocabulary items introduced in the Coursebook which are organised by topic.

Useful Phrases features mini-dialogues that contain the 'Useful phrases' in the Coursebook (e.g. 'agreeing and disagreeing').

You can play this material by clicking on play or you can download the files and copy them onto an mp3 player or other devices.

You can also print or download a PDF with the audioscript for all this material.

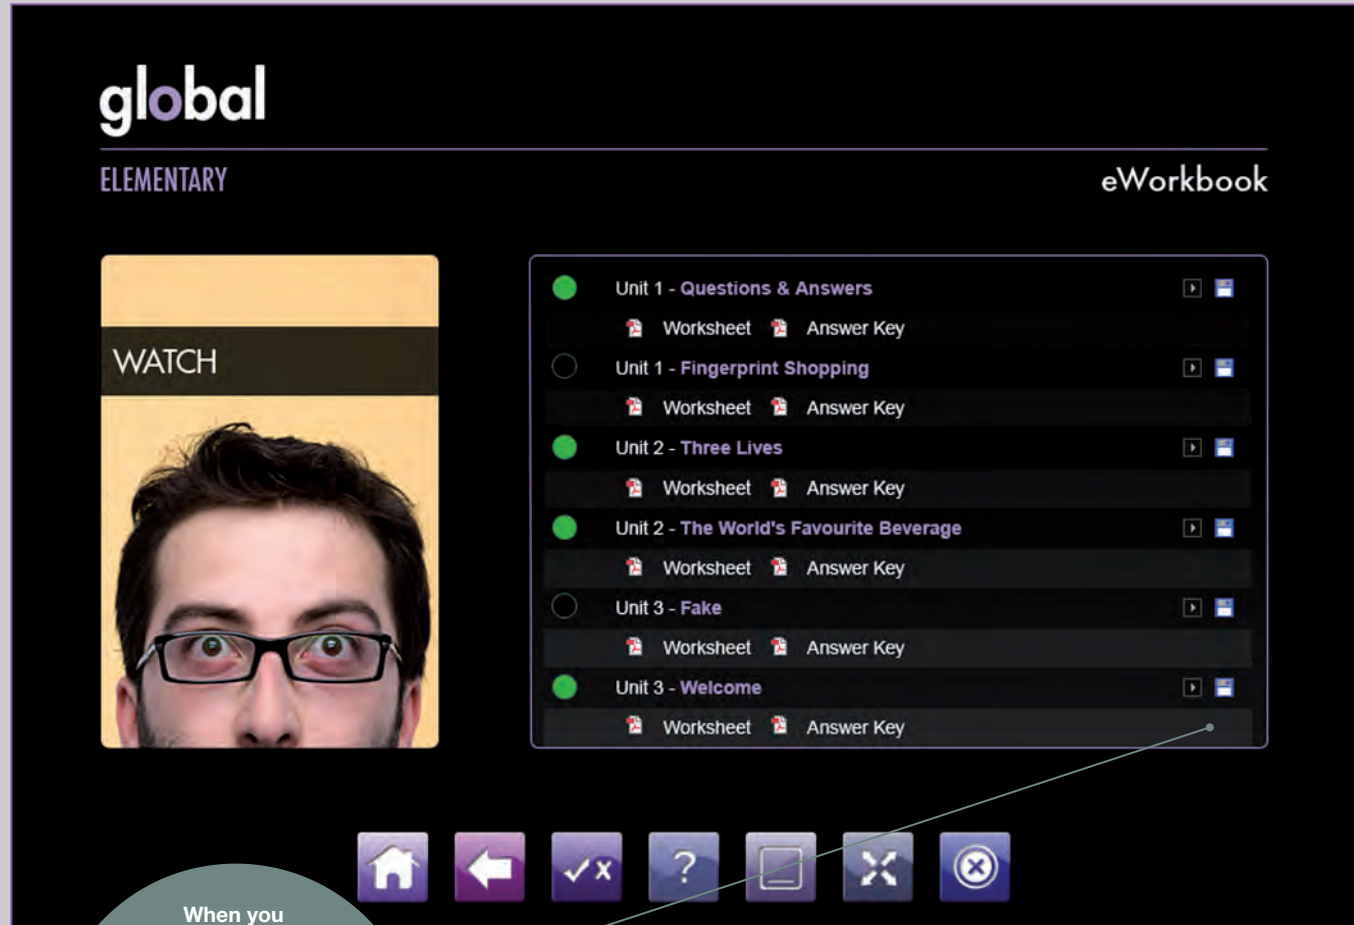

As its name indicates, this is ideal for learning on the move.
